

Mooresburg Community Association launches a capital campaign.

The Mooresburg Community Association (MCA) is a non-profit organization, established in 2001. Our core goal is to provide food to disabled and senior residents in need who live in the Lakeway area. This past year we prepared and delivered nearly 17,000 meals to our neighbors at home and through our in house dining program at our small community center. Thanks to recent gifts from Wal-Mart, Mazon and ARC, we are offering new services and have expanded current ones.

The MCA is initiating a Capital Campaign and the Jefferson Federal Foundation has generously offered to match the portion raised to help us pay for our Center facility. Additional monies raised will be used to (1) establish an expanded food pantry (2) improve ADA accessibility to the Center, (3) upgrade the kitchen to be able to continue to expand our meals program.

Kathleen really needs more space and better equipment!

Please consider a donation for this campaign by check or visit
<http://www.razoo.com> or www.mooresburgcommunity.org.

THANK YOU!!
